Froelich Legacy Quarter Horses

51st Annual Production Sale

Greetings,

This year marks our 51st annual sale and 62 continuous years of registering foals with the American Quarter Horse Association. It was in 2009 that AQHA recognized us as "Legacy" breeders. Although these represent milestones and a strong commitment to the Quarter Horse breed, our legacy dates even further back in years when dad, also, grandfather, made his first purchases of three mares and a palomino stallion during the late 40's and early 50's. Two of the mares and the stallion, WR's Commanche Boy carried registration in the National Quarter Horse Breed (NQHBA) which was organized in 1945 to include membership to all breeders of Quarter Horses. At the time AQHA, organized in 1940, was focused on accepting only horses into their stud book that were described as "bull dog" type. This nickname was given because of AQHA's emphasis on heavily muscled horses which excelled in halter competition. That contrasted to the efforts of many breeders who were developing ranch horses for more speed. The controversy between the racing, ranch, and show segments was eventually resolved in 1950 when the three groups merged to create the new AQHA organization. Through an inspection process, progeny of horses registered with NQHBA had to be inspected for acceptance into the new AQHA. We share this brief history of AQHA only to report the very beginning of our breeding program.

Dad was far removed from the feuding and politics between the various interests of the breed. He only wanted to move-on from riding the draft-type horses used on the ranch. He did not leave us with a written "mission statement" but it is obvious he made those first purchases based on ranch functionality and to provide his young family with a safe experience with horses. None of us ever had to "wish" for a horse. If we wanted more than one, he gave us two.

Even though our lifestyle with horses has gradually changed since those early days when we gathered cows everyday they are still required for ranch work. Wet saddle pads are still common but they require less cleansing in favor of genetics.

It is our sincere desire to help you select a prospect which will fit your needs and give you great pride of ownership. So, we invite you to come to the ranch to view the colts and mares. We ask for a call in advance so we can plan to be nearby to give you a tour and answer any questions you may have.

Photos of each colt will appear on our web page. A YouTube video of each will be linked to the photo. The page also links to pictures of the mares and stallions.

Guest consigners this year include Mel Eash, Topeka, IN; Tim and Deb Brehm, Bismarck, ND; Jamie Wymore, Maryville, MO; Lavon Yoder, Shipshewana, IN; and Don Cool, Gillette, WY. These folks have very strong reputations, share similar values, and offer foals from our genetics. We encourage you to reach out to them for information about their consignments.

Best wishes to you,
The families of Froelich Legacy Quarter Horses

P.S. We are currently experiencing record high prolonged daily temperatures and very little rainfall yielding to an extreme drought which is producing little plant growth. Our horses and cows are withstanding these conditions but all need rain.

Congratulations JW & Alisha!

It is with great joy that we officially welcome Alisha Froelich into our family. JW, son of Kelly & Renee, and Alisha were married on June 26, 2021. The wedding was held in Bismarck, ND. The couple will reside on the main ranch in Selfridge, ND where they will care for all of our treasured animals.

Trail Riding Experience

We invite you to our annual trail ride on Friday, September 17th starting at 12:00 noon CDT. Depending on weather, the ride may last five hours. We will provide lunch prior to the ride, but feel free to bring a saddle bag to pack a refreshment or two. We ask that you let us know if you intend to participate in the ride so our life-long partners can prepare enough steaks, etc. following the ride. We also ask that you bring your own horse if at all possible.

Please RSVP with Warren at 701-770-1149 by Wednesday, September 15th
to take part in the experience or if you have any questions.

Sale Terms & Conditions
Any person attending this sale does so at his or her own risk. The terms of the sale are cash, and all settlements must be made at the close of the auction. The auctioneer has final sale call. All sales are final. All horses are the buyers' property as soon as sold. We would like all horses to be picked up within one week of sale date unless prior arrangements have been made. Buyer must make arrangements with the seller at a reasonable rate per day for care of the horses until they can be picked up.

Bids
Anyone unable to attend the sale may give bids via DVAuction, phone or mail to the ranch auctioneer before the sale. All bids will be handled in strict confidence. Please make arrangements with the ranch prior to the day of the sale if you would like to bid by phone. This will help eliminate any confusion on sale day. The sale location has good cell phone service, mainly Verizon. Please note that if you are a new customer to our sale, we may ask for a bank reference if you wish to bid by phone.

Registration & Transfer
All horses sell registered with the American Quarter Horse Association. Buyers will be mailed the horse's registration papers and transfer forms. It is up to the buyer to transfer his/her horse with the AQHA. Please note that the AQHA has a high volume of registrations during the fall, and foal papers can take into the winter months to receive.

Announcements
Any announcements made from the block on sale day take precedence over printed material. Please remember the photographs of the colts were taken the first of August, so the maturity level will change and the color of the colts may change by sale day.

Covid-19
In these times of uncertainty, our goal is to provide you with the best possible sale while also keeping your safety in mind. We are monitoring the situation closely and will post updates on our website and Facebook page as sale day approaches. Stay safe.

Denali is a very unique horse who combines a loving disposition along with muscle, girth, structural correctness, and a darker blue roan color. A common theme of remarks we hear from customers relate to his foals being very responsive. Upon seeing Denali or his foals for the first-time people are 'wowed' by their muscle but we know him first for his superior attitude toward humans.

"Wow," is all we can say when we see a colt from a Kros Shady Lady and Denali Pine cross. If you follow our program, you will recognize our stud, Conagher. This year's baby is almost identical to his brother, but brings a sleek black color to make him pop. Jamie Wymore of Missouri bought last year's full sister. A 5-panel and color testing will be available on sale day.

JW Froelich tries to pick his top three fillies each year. If you give him a call, Daisy's filly will be at the top of that list. She is a classy lady with her black color, but a girl needs some sparkle, which she adds with a distinctive hind sock and star. Michelle Rothhaar of Ohio purchased last year's full sister. "Flash" could be an appropriate name for this young guy. Another name might be "Miracle" because his mother experienced a wire wound on the lower leg causing an infection of the muscle and bone tissues. She was not expected to carry her weight and that of the developing foal. Thankfully she did and presented us with this guy. His matching hind socks, blue roan color, muscle definition and profile make him a good looker. He certainly is a people person. A 5-panel and color testing will be available on sale day.

The first foal of a young 4-year-old mare. The genetic combination of the popular Hancock bloodline, McKeag and Denali gives this blue roan filly a great opportunity to perform on the trail, in the pasture or in the arena of ranch-horse competition. Based on this foal, it appears that Hancock McKeag will have a bright future in our program. This blue roan filly has the appearance of being an athlete. She certainly is not afraid of people. A 5-panel and color testing will be available on sale day.

McLovin is a direct son of McKeag. He possesses the great disposition of his sire and brings a lighter blue roan color which works well with our darker colored mares. His dam, Skipper Nodak, was a beautiful, deep-girthed, grullo mare with a pedigree including Triple Chick, who was a leading sire of Race ROM money earners and himself a Superior Halter horse. Not only does his pedigree speak volumes on the type of sire McLovin is, but many people have told us how much they love riding and working with a McLovin descendant.

"Garnet" was born in 2020, but lost his mother due to illness pretty early on in life. Thanks to Mel Eash of Indiana, Garnie was given a second chance to blossom. Today, Garnie can lead, groom, clip, stall tie, trailer load, lunge, ground tie, and lay down on command. He has also been saddled and line drives. He has a very sweet and loving personality that will make for a great trail horse. Contact Mel Eash at 574-538-7315 for more information.

Foals of Keotae have been very popular. They have the volume, muscle and bone that define those of a true ranch horse. And these qualities come in a very attractive package. Every foal to date has been stamped with some form of roan color. There now is enough progeny that customers report they are very trainable and can carry a heavy saddle on a long ride.

Robert Linneman of SD may have out bid you last year to this year's full brother, but don't let it happen again. To say Powder Blue and Keotae make beautiful babies is an understatement. This thick-necked, big, gorgeous gal is no wallflower, but a leading lady! She will be at the top of your list of babies to bring home. A 5-panel and color testing will be available on sale day.
