AQHA LEGACY AWARD RECIPIENTS

FROELICH LEGACY QUARTER HORSES

55th Annual Production Sale

Greetings Horse Lovers!

We have been breeding horses since 1948, and proud to host our 55th annual sale. Reaching this point was not a one-man show type of operation. Our great-grandparents, grandparents, and parents established this legacy, and we not only kept it going, but we also strive to enhance and improve our foal crop color, confirmation, and disposition. We've been blessed with many helping hands along the way, from good neighbors close to home to friends we've made all across the country.

The horse business has brought us not just partners within the horse industry, but lifelong friends with whom we've celebrated the highs and endured the lows. We've shared victories, milestones, and challenges together, and those shared moments have become part of our story. When JW and Brooke both faced cancer diagnoses in 2023 and 2024, respectively, we were humbled by the outpouring of support from our horse community. From kind words and prayers to offers of help around the ranch, we were reminded that the bond we share through these horses runs deep. We're grateful to share that both JW & Brooke are now in full remission, and we carry forward with renewed gratitude for the friendships, faith, and resilience that are part of the everlasting legacy this life has given us.

We're committed to raising the kind of horses folks are glad to throw a saddle on: good-looking, intelligent, sure-footed, and gentle to be around. Our foals are born out in the pasture and grow up with the wind in their mane and plenty of room to move. Some folks figure that makes them standoffish, but we've found the opposite to be true. Even before they're ever haltered, these foals will walk right up and nuzzle your arm. It makes snapping a good picture a bit of a challenge, but we wouldn't have it any other way.

Guest consignors this year are Don & Carol Cool of Gillette, WY; Jamie & Codi Wymore of Maryville, MO; and Austin & Kayla Borg of Goshen, IN. All these families are offering wonderful foals and can be contacted directly for more information. In addition, we have a few yearlings and mares of our own to perk your interest.

Our webpage has more photos of each foal, along with photos of the mares and stallions. Videos of the foals are also linked. If you have any questions, please do not hesitate to contact us. There are always cows to feed, fences to fix, and hay to put up, but we always have time to talk about horses.

Our Best Wishes To You All,

The Froelichs

McLovin is a direct son of McKeag. He possesses the great disposition of his sire and brings a lighter blue roan color which works well with our darker colored mares. His dam, Skipper Nodak, was a beautiful, deep-girthed, grullo mare with a pedigree including Triple Chick, who was a leading sire of Race ROM money earners and himself a Superior Halter Horse. McLovin, himself, has sired a 6-time ARHA world champion in roping.

Little Gal has been a consistently great producer, her dam was as well. You can find her name in several of our younger mares and upcoming stallion pedigrees. Truly been a staple in our herd for years. She is five panel clean. Mare sold exposed to LHR Smart Sugar Boon for a 2026 foal.

Currently calling our ranch home, this striking blue roan stallion from Darrell Stiles in Oklahoma is the epitome of level-headedness and calm demeanor. With a refined and pretty head, he is a true gentleman to handle, often making it hard to believe he is a stud. He will be with us temporarily as we await the development of our own stud prospects. Still, his presence is already leaving a lasting impression on our herd as we have several fillies sired by him entering our breeding pastures in this year.
